

INSIGHT

into
Trinity

Mid-Monthly Issue – November 2007

From the TCS Board ...

BEING INVOLVED ...

During the past couple of years, the board of Trinity Christian School has been busy dealing with many different issues; issues such as the changing economic situation in Calgary, the alternative schooling option, continued growth and expansion, just to name a few. Regardless of how each of us feels on one or more of these issues, the fact is that the school is faced with dealing with them.

Trinity Christian School is a precious gift to us and our children, one that is given to us as a heritage from those families who, because of their commitment to Christian education, began the school in the early 1990's. This commitment was manifest in many different ways; through giving selflessly of time, expertise, talents, financial support, faith and prayer. It has been through God's faithfulness and the continual dedication of families that Trinity Christian School has grown more than tenfold since its first days.

As Trinity continues to move forward, decisions on what is best and right for the school and for our children will continue to be made. We may not always agree on some of the issues that face us, after all, we live in a fallen world. Yet, we are called to work together, in obedience to God and to do so to the best of our ability, always depending on God and His word to guide us.

The best way for us to work together is for us all to be involved. There is much work ahead and many obstacles. We need people to give generously of their time, expertise, talents, financial support and prayer to help the school on its way. Please, prayerfully consider how you may be able to work within the TCS community to continue to provide God-centered education for the children that he has entrusted to us. Perhaps most of all, please continue to pray for Trinity Christian School and for all those who labour in it.

In Christ,

For the Board of Directors
Kevin Pasveer

From the Parent Action Committee:

The June 2007 Walkathon money was designated for sound equipment for the TCS Fine Arts Equipment. Quotes and opinions were followed up on what the best investment would be. The reality however, is that the sound equipment would not be able to be taken with us in the future school plans of relocation. After discussion and review, it was decided to set aside some money towards the rental of sound equipment and the remainder would be put towards "Active Boards" to further assist the teachers in a more general way. Any questions regarding the re-designation of funds can be directed to Marge Carlin in the business office, 254-6716 ext. 246, by November 30.
